

**VENUE-BASED RISK ASSESSMENT CHECKLIST**

|   |                             |
|---|-----------------------------|
| <b>u3a name:</b> Mansfield & District u3a   | <b>Date:</b> September 2024 |
| <b>Name of person completing risk assessment checklist:</b> Ian Lakin & Sylvia Newlyn |                             |
| <b>Interest Group:</b> Shufflers  |                             |
| <b>Venue address:</b><br><br>Various  |                             |
| <b>Description of Activity:</b> Lunch Club  |                             |

This checklist is to help in the planning for a venue-based activity, such as a community hall. This isn't an exhaustive list, so think carefully about any specific risks you may encounter. It is likely that you will need to add to this risk assessment checklist. This form can (and should) be altered to suit specific activity requirements.

Where you identify a particular risk you should note the actions you will take to reduce it. It's important to carry out a risk assessment before the activity takes place, and you can always add to this during the activity.

|         | Risk Assessment Checklist   | Yes | No | N/A | If no, what actions will you take to mitigate this risk? |
|---------|---|-----|----|-----|--|
| General | Is the area where the u3a activity is taking place in well-lit and away from any hazards? | √   |    |     |  |
|         | Are floor surfaces in good condition to prevent slips, trips, and falls?                  | √   |    |     |  |
|         | Are all walkways kept clear and free from obstruction?                                    | √   |    |     |  |
|         | Are there enough seats for all members in attendance?                                     | √   |    |     |  |
|         | Has a register of members in attendance been taken for fire safety reasons?               | √   |    |     |  |

|             | <b>Risk Assessment Checklist</b>   | <b>Yes</b> | <b>No</b> | <b>N/A</b> | <b>If no, what actions will you take to mitigate this risk?</b> |
|-------------|--|------------|-----------|------------|---|
| Electrical  | Have you made sure there are no trailing leads or cables?  |            |           | √          | Public venue have their own H&S procedures in place             |
|             | Is the use of socket adapters (e.g., extension leads) per socket kept to an absolute minimum to prevent overloading?                                     |            |           | √          | Public venue have their own H&S procedures in place             |
|             | Have all cables been inspected to ensure they are intact and safe for use?   |            |           | √          | Public venue have their own H&S procedures in place             |
|             | If the venue requires PAT testing, has equipment been PAT tested?  |            |           | √          | Public venue have their own H&S procedures in place             |
| Fire Safety | Are all fire exit and escape routes, fire alarm points and fire-fighting equipment clearly visible, unobstructed and appropriately indicated?            | √          |           |            | Public venue have their own H&S procedures in place             |
|             | Have members been informed of safety procedures, including where to congregate in the event of a fire alarm?   |            |           | √          | Public venue have their own H&S procedures in place             |
|             | Is there a working smoke alarm?  | √          |           |            | Public venue have their own H&S procedures in place             |
|             | Is there a working carbon monoxide alarm?  | √          |           |            | Public venue have their own H&S procedures in place             |
|             | Are all smoke and fire stop doors kept closed when not in use, and never wedged open (except doors on magnetic catches linked to the fire alarm system)? |            |           | √          | Public venue have their own H&S procedures in place             |
|             | Are appropriate procedures in place to assist disabled members who may be present during a fire evacuation?  |            |           | √          | Public venue have their own H&S procedures in place             |
| Equipment   | Do you have a lockable and secure area to store u3a equipment, if applicable?  |            |           | √          |   |

|           | <b>Risk Assessment Checklist</b>   | <b>Yes</b> | <b>No</b> | <b>N/A</b> | <b>If no, what actions will you take to mitigate this risk?</b> |
|-----------|--|------------|-----------|------------|---|
| Wellbeing | Are refreshments available to members? (e.g., water, tea)                | √          |           |            |   |
|           | Is there a first aid box that is checked regularly and has been stocked? |            |           | √          | Public venue have their own H&S procedures in place             |

| <b>Other identified risks:</b> | <b>What will you do to mitigate these risks?</b> |
|--------------------------------|--|
|                                |  |
|                                |  |
|                                |  |
|                                |  |
|                                |  |
|                                |  |
